Bring your children to a safe trick-or-treating event that will allow both you and them to socialize with others from our parish community!

We are excited to open up this parish event to all the special people in our lives - the more the merrier! We are hoping many families will participate and that people will sponsor trunks - it will make this event that much more fun!

Light refreshments will be offered and there will be voting on trunks. Trunks can simply be opened up & offering candy or can be creative with a theme. We just ask for no scary costumes or trunks.
